MOVING & STORAGE

Moving isn't easy, but AFF American Relocation Services® can make sure the process is **as worry-free as possible** for you and your family or business.

American Relocation Services® is a division of American Fast Freight. We've been handling commercial, residential and military moving needs for over 20 years in Alaska and have been providing our clients with **cost-effective, timely and secure** transport of personal effects and household goods. We have our own facilities and equipment, including warehouses in the Alaska cities of Anchorage, Fairbanks and Kenai, as well as in Fife, Washington.

Our services include export packing and crating, padded van service, and temperature-controlled facilities. We provide complete door-to-door service, including providing you with the necessary packing materials ... or we can perform any of the separate functions required in relocation, whether it is personal or commercial.

We are also **approved for military moves** and will ensure that the necessary paperwork is completed correctly and on time.

American Relocation Services® has certified moving consultants on staff at each of our locations. One of them will be happy to visit your home or office and provide a detailed, **free estimate** for your relocation.

Whether you're relocating to or from Alaska, or just moving across town, we'll provide you with everything you need to ensure that your belongings are packed and moved with the care they deserve.
