

Around here, it pays to work with someone who really knows the territory.

Why American Fast Freight?

Companies have been relying on American Fast Freight to ship cargo between Alaska and the world for more than 20 years. Here are just some of the reasons:

- Full-service sales & operations facilities in Anchorage, Fairbanks & Kenai
- Road, rail and air shipping to virtually any part of Alaska
- Shipping to Southeast Alaska via barge and ferry
- Regular container ship and barge service to and from the ports of Seattle and Tacoma
- Complete warehouse and distribution services
- Residential and commercial moving and storage to and from Alaska—or just across town
- Document storage, retrieval, and document destruction services

Whether by ocean, air, or ground, we're dedicated to getting your shipment here quickly and safely.

For more than 20 years, Alaskans have relied on American Fast Freight for everything from shipping cargo to and from the Lower 48 to moving and storing household goods.

We have the experience, people, equipment, and facilities to make your shipment go smoothly from start to finish. Plus proven systems for transporting and distributing products and materials efficiently and cost-effectively throughout the state—from Ketchikan to Prudhoe Bay.

The result: you can count on us to handle any kind of shipment—ocean freight, truck, rail, and air, short-haul or long.

Meeting Alaska's unique needs.

Alaska's vast distances and extreme weather conditions demand

special equipment and unique expertise. We understand. That's why we own and operate more than 500 pieces of equipment, including climate-controlled trailers, straight trucks, tractor-trailers, and flatbeds.

From our hubs in Anchorage, Fairbanks, and Kenai, we provide deliveries to other cities in Alaska served by road or rail. Our long-term relationships with intrastate air carriers enable us to provide air beyond service when necessary

Through a network of contract trucking, intermodal rail, and air freight forwarding partners, we provide seamless transportation from start to finish.

to meet your transit time requirements. We also handle freight to Southeast Alaska via barge and ferry service.

Finally, our three affiliated companies provide household goods moving and storage services, document and electronic vault storage and shredding services, and third-party warehousing and product distribution throughout the state.

From Alaska to the world.

Because we have our own facilities and offices throughout the Lower 48, we can provide you with a complete range of efficient, reliable transportation options.

We book shipments to and from Alaska on twice-weekly schedules (three during the summer) that match steamship line vessel service. Our Inbound Control service gives you maximum control over the routing of your freight and can save you money on the inland freight service. We can even develop a complete inbound logistics package that meets your specific needs.

Through our full-service facilities in Seattle, Chicago, and Los Angeles, we can provide a wide range of assembly and distribution programs, all tailored to your needs. We can even provide ocean and airfreight services to Hawaii, Guam, Puerto Rico, and the U.S. Virgin Islands and coordinate shipping anywhere in the world.

A complete range of moving and storage services throughout Alaska.

AFF Distribution Services provides an excellent alternative for companies with frequent orders in Alaska, but whose volume doesn't justify having their own distribution center. It's the perfect solution for manufacturers and wholesale distributors with a small number of SKUs but a large number of orders to process weekly or monthly.

This third-party warehousing service can reduce your overall transportation costs compared to shipping frequent orders directly to Alaskan customers. You can

Your products are stored in a secure, temperature-controlled environment.

choose short- or long-term warehousing, as well as a complete array of services, including order processing—pick and pack and delivery throughout Alaska—inventory, and billing.

For maximum speed and accuracy, your orders can be transmitted electronically. And you get a single, detailed invoice for all services.

American Relocation Services offers you the smoothest residential and commercial moves available.

Whether you're relocating to or from Alaska or just moving across town, American Relocation Services and its certified moving consultants will provide you with everything you need to ensure that your belongings are packed and moved with the care they deserve.

American Relocation Services is also approved for military moves and is familiar with the necessary paperwork. That means a timely,

We can provide you with everything from packing and crating to international moving services.

error-free move.

American Relocation Services has climate-controlled loading and warehousing facilities in Anchorage, Fairbanks, and Kenai.

American Relocation Services' moving consultants will visit your home or office and provide a complete estimate for your relocation absolutely free.

Alaska Archives is the largest information management company operating in Alaska. They provide a wide range of document and file storage services, including retrieval and re-file, secure vault storage for tapes and diskettes, and confidential, secure shredding services.

Alaska Archives will pick up your files and documents and box and catalog them to your exact specifications. All records are stored in a temperature-controlled, dust-free environment. Or you can choose to have

We combine security and peace-of-mind with convenient access to your files.

Alaska Archives manage information at your own facility.

This system provides you with better control, speed, and accuracy of active and inactive information. That means faster decision-making, quicker response to your customers' needs, and reduced costs.

You can also get unlimited reports, such as activity, inventory, and invoicing by department. Alaska Archives can also ship your records to and from the Lower 48.
