

AFF LOGISTICS

COMPLETE PROJECT LOGISTICS

If you need **seamless movement** of your unusual or oversize freight, AFF Logistics is the team to call. We've tackled some of the most challenging transportation projects that North America has to offer.

Moving large cargo to the wilds of Alaska or to a remote location in Hawaii or Guam presents unique obstacles that can be a challenge for some logistics companies. AFF Logistics is well-versed in the special requirements of moving this kind of cargo such as specialized heavy haul trailers, pilot cars, permits, cranes and booms. We can move any over-dimensional cargo over the road or rail within the continental United States and Canada and then over the water to its final destination.

Your project could be the construction of a bridge or pier, or a new commercial project such as a large retail building or hotel.

AFF Logistics gives you exemplary personal service.

AFF project managers work directly with general contractors, engineers, project managers and vendors to make all the necessary arrangements for carrier selection, transfers, loading and on-site management. Our logistics services include transportation, warehousing and staging of all finishing materials.

Put our logistics team to work for you. Our goal is to provide you with an **economical and effortless** movement of your oversize freight - no matter how isolated its final destination may be. It takes a company that knows these territories, and AFF Logistics is your ideal guide.

WE SPECIALIZE IN MOVING UNUSUAL, OVERSIZE AND CHALLENGING FREIGHT COST-EFFECTIVELY, SAFELY AND SMOOTHLY.

When it comes to heavy, oversize and unusual freight you can depend on the expert hands of our **AFF Logistics** team. AFF Logistics is dedicated to providing best-in-class transportation and logistics solutions. We have the support of great partners, which gives us a competitive advantage and improved safety, service and financial performance. We can ship everything from construction materials to office furnishings - and we'll get it where it needs to be exactly when it needs to be there.

SERVICES INCLUDE

- Truck, rail and ocean freight forwarding
- Heavyweight and over-dimensional
- Arrange for permits, pilot cars, cranes and heavy haul equipment
- Aircraft and barge charters
- Warehousing and staging of all finishing materials
- On-site project management

ADDITIONAL SERVICES

AFF Logistics is a division of **American Fast Freight, Inc.** They provide a wide array of ocean transportation services between the continental United States and the off-shore domestic markets of Alaska, Hawaii, Guam and Puerto Rico. They handle both full trailer and container loads, as well as individual shipments. They handle dry and refrigerated cargo and also operate cold storage and warehousing facilities in Alaska and Hawaii. And if time is of the essence, American Fast Freight can arrange to air freight your shipments as well.
